CHINMAY SEHGAL

Gurugram, India | +91 9891232941 | chinusehgal910@gmail.com | LinkedIn: chinmay-sehgal

PROFILE

AI & ML undergraduate with hands-on experience in Python, SQL, and Machine Learning. Proven ability to improve data quality, automate workflows, and build ML models. Focused on developing scalable AI systems using LLMs, embeddings, and Retrieval-Augmented Generation (RAG).

SKILLS

Languages: Python, C, Bash
AI/ML: Machine Learning, Model Optimization, Data Analysis
LLM/AI: LLM APIs, Prompt Engineering, RAG, Embeddings, Semantic Search
Tools: SQL, Excel, Git, Linux
Cloud: AWS (Cloud Practitioner), Oracle Cloud
Core: Data Structures & Algorithms, API Integration

EDUCATION

B.Tech CSE (AI & ML) – Dronacharya College of Engineering (2023–2027)
CGPA: 7.82

EXPERIENCE

Data Analyst Intern – Maruti Suzuki India Ltd. | Jul–Aug 2025

- Increased data accuracy by 18% through structured QA validation pipelines
- Performed anomaly detection using SQL, Python, Excel on large datasets
- Automated reporting workflows, reducing manual effort by 25%

AI/ML Intern – YBI Foundation | Jun–Jul 2024

- Developed recommendation model achieving ~85% accuracy
- Applied feature engineering and hyperparameter tuning for performance gains

Astronomy Trainee (Data Analysis) – Indian Space Academy | Jun–Jul 2025

- Conducted 120+ hours of Python-based data analysis on scientific datasets
- Implemented data preprocessing and analysis pipelines

PROJECTS

LLM-based Document Q&A System (RAG)

- Built end-to-end pipeline using text chunking, embeddings, and semantic retrieval
- Integrated LLM APIs to generate context-aware answers from documents

Movie Recommendation System

- Built ML-based recommender with ~85% accuracy using similarity techniques

Engine Data Validation System

- Processed 10,000+ records to detect inconsistencies and improve data reliability

CERTIFICATIONS

Oracle Cloud AI Foundations (2025) | AWS Certified Cloud Practitioner | Infosys AI/ML/NLP

ACHIEVEMENTS

- Improved dataset accuracy by 18% in production-level internship
- Completed 3 internships across AI/ML and Data Analysis domains
